

PIERCE PT

PIERCE PT, Cowgirl Creamery's Fall/Winter seasonal cheese, is made from organic whole milk from the Chileno Valley Jersey Dairy. PIERCE PT is washed in a muscato wine and rolled in dried herbs from the Tomales Bay coastal region. The result is a delicious cheese, semi-firm yet creamy, complex yet never overpowering, that you'll recall longingly when it's out-of-season. PIERCE PT received a 1st Place award at the 2006 American Cheese Society Conference. (9-ounce round; case of 6) : [Nutrition Info](#)
